EDUCATION AND TRAINING

MA Applied Linguistics and Text Analytics

Higher School of Economics [31/08/2024 – Current]

City: Moscow | Country: Russia | Website: <https://www.hse.ru/en/> | Thesis: Grammatical Structure under Cognitive Strain: A Corpus-Based Analysis of T-Syntax in Dementia and MCI

- Analyzing spontaneous speech transcripts from the DementiaBank Cookie Theft corpus to measure syntactic complexity and T-syntactic error distribution across MCI and Alzheimer's-type dementia groups.
- Developing Python-based T-unit segmentation pipelines and applying CLAN morphosyntactic error tagging to track auxiliary loss, tense-marking failures, and subject-verb agreement errors.
- Testing the Adaptive Strategy Hypothesis, that speakers reduce subordination and dependency distances to preserve semantic content.

BS English Literature and Linguistics

Government College University Faisalabad [30/09/2018 – 30/06/2022]

Country: Pakistan | Website: <https://gcuf.edu.pk> | Final grade: 3.54/4 CGPA

PUBLICATIONS

Assessing the multilingual corpus extractor for Urdu environmental corpora: Overcoming data scarcity (Accepted for publication)

Journal Name: Journal of Advanced Corpus-Oriented Research

Ahmad, M., & Mehtab, A. (2026).

[2025]

Use of Interactional Metadiscourse Markers in Pakistani Newspaper Editorials (Accepted for publication)

Journal Name: Studies in Linguistics and Language Education | Publisher: Algerian scientific journal Platform

Ahmad, M., Mehtab, F., & Mehtab, A. (2025)

CONFERENCES AND SEMINARS

[08/04/2026 – 09/04/2026] HSE University, Moscow

IV Conference of Students, Postgraduates, and Young Researchers TERRA HOMINIS Presented research paper titled "Grammatical Structure under Cognitive Strain: A Corpus Based Analysis of T Syntax in Dementia and MCI"

Link: <https://hum.hse.ru/terrahominis-2026>

[28/02/2025 – 01/03/2025] Tomsk State University, Tomsk, Russia

International Scientific-Practical Conference "Natural Language Processing (NLP) for Linguistics, IT, and Business"

- Paper presented at the International Scientific-Practical Conference on NLP for Linguistics, Tomsk State University, Russia.

Link: <https://shorturl.at/Rvpic>

RESEARCH EXPERIENCE

[08/09/2025 – 19/10/2025]

Research Intern – Language and Brain Centre, Higher School of Economics, Nizhny Novgorod

- Collaborated on a meta-analysis titled "Corpus-Based Analysis of Verbal Fluency Studies," focusing on lexical retrieval mechanisms and semantic category clustering.
- Utilized Python (pandas, matplotlib) for the standardization of linguistic datasets and the classification of verbal production variables.
- Developed reproducible code to analyze methodological variance in measuring lexical output across different language cohorts.
- Conducted text mining to extract and categorize research themes related to verbal production and semantic density.

[01/03/2026 – Current]

Research Intern, Corpus Research Centre, Minhaj University Lahore, Pakistan

Working on a corpus based research project titled *"The Framing of Climate Inequality in Pakistani English News: A Computational Corpus Analysis of Dawn and Express Tribune."*

- Conducting computational corpus analysis using AntConc and Python based NLP tools to examine climate framing, responsibility attribution, and media discourse in Pakistani English newspapers.

HONOURS AND AWARDS

[2024] Ministry of Science and Higher Education of the Russian Federation

Awardee of Russian Government Scholarship

[2018] Higher Education Commission, Pakistan

Recipient of HEC Merit-Based Scholarship

VOLUNTEERING

[2021 – 2024] The Knowledge Land Academy

Community English Educator

- Provided English language instruction to secondary students in underserved communities, resulting in top national exam scores.

SKILLS

Linguistic Methodology

Discourse Analysis / Text Preprocessing (Tokenization, Lemmatization) / Corpus Linguistics (CLAN, AntConc, Sketch Engine, COCA, BNC)

Statistical Analysis

Mixed-Effects Regression (Linear/Logistic) / Experimental Design / Hypothesis Testing using Python (statsmodels, scipy) and SPSS.

Programming

Git/GitHub for Version Control. / Python for Text Analysis (NLTK, spaCy, pandas, NumPy, regex)

EXTRACURRICULAR & LEADERSHIP ROLES

Organized and Hosted Pakistan Culture Day at HSE University

Link: <https://shorturl.at/huFR1>

Represented HSE university at Regional School "In-Studaktivno" (2024)

Link: <https://shorturl.at/C4rTc>
